

EARL PANTER, RESEARCH SERVICES, TRIES OUT THE CAMERA WON BY HIM IN A "Price Is Right" contest in snapping a picture of his son Mike, 9, on a Schwinn bicycle, another prize, in the picture at left. At right the "men" of the Panter family admire an outboard motor, another award. From left are Ronnie, 13, the Y-12er, Leland, 16; and Mike, 9.

ADMIRING A WRIST WATCH and Persian lamb jacket worn by her daughter, Doris, is Mrs. Gertrude Panter, wife of the Y-12er who won several prizes in a "Price Is Right" contest, including the watch and jacket.

MRS. GERTRUDE PANTER shows off her washer and dryer set won by her husband, Earl, in a "Price Is Right" contest on television. Several other fine articles also were won by Panter in the competition.

THIS PORTABLE TYPEWRITER was one of the prizes won by Y-12er Earl Panter on a "Price Is Right" contest. It is being tried out by Brenda Panter, 12, as her little sister, Claudia, two and one-half, looks on.

## Y-12er Earl Panter Wins Much Valuable Loot In 'Price Is Right' Cost Estimating Contest

Some Articles Sold To Meet Uncle Sam's Tax; Brother, Mother Also Winners In Competition

They really do pay off in those television quiz shows—with no strings attached!

Earl J. Panter, development mechanic in the Y-12 Research Services Department, and his family have found that out—the pleasant way. Last December the Y-12er submitted an answer to the "showcase" contest on "The Price Is Right"—along with several thousand other persons throughout the United States—and the neat Panter home at 110 Thornton Road, Oak Ridge, has a lot of valuable and useful articles for the family.

Of course, winning the contest posed the usual income tax problem for the Y-12er. However, it didn't worry him too much—as some of the prizes are to be sold to take care of Uncle Sam's "dig" into the "take."

### Attractive Prizes Won

The Panter "loot" in the contest included a Polaroid Land camera, Underwood portable typewriter, 17-jewel women's wrist watch with matching band, Schwinn

## Spring Clean-Up Week Campaign Goal—To Make Y-12 Plant Safer

Carefully Planned Program Is Being Waged To Eliminate All Fire, Accident Hazards

Any large dust cloud sighted over the Y-12 Plant Area this week need not be alarming to Y-12ers or citizens of Oak Ridge—it won't be a Texas sand storm being wafted on April breezes across the Cumberland Mountains. It will be the result of the concentrated Spring Clean-Up Week campaign being conducted from one end of the plant to the other—with the objective of eliminating all fire and accident hazards throughout the premises and thereby making the Y-12 Plant Area a cleaner and safer place in which to work.

### Fire Department Helps Drive

Y-12ers and Oak Ridge National Laboratory personnel in the Y-12 Plant Area are pitching in to carry out a slogan for the project—"Let's keep Y-12 looking fine during all of 1959." Divisional fire, safety and security coordinators from all divisions of Y-12 and ORNL in the plant have carefully planned a program—with the aid of the Y-12 Fire Department—to dispose of all accumulated rubbish and excess material.

This—in itself—will greatly advance the safety factor in the plant. In the rubbish and trash accumulated throughout the past winter was considerable flammable material that could provide a dangerous fire hazard. Other such material was found to be creating accident hazards that could possibly cause disabling injuries.

### Many Inspections Held

Practically all divisions in the Y-12 Plant Area got their clean-up campaign underway last week with inspections being held to discover any hazardous conditions—and follow-up steps being taken to immediately eliminate them. Workshops, offices, vaults, lockers, laboratories, exits and stairways, loading docks and areas immediately around buildings have been carefully checked under direction of the coordinators, divisional and departmental safety groups.

In addition to the clean-up campaign, employees throughout the plant have been given refresher

## Dividend Checks Out In Y-12 This Week

Distribution To Begin In Y-12 Plant April 22

Union Carbide Nuclear Company employees in the three Oak Ridge installations will divide \$180,600 in dividends when the Group Insurance dividend checks are distributed this week.

The dividend checks will be distributed with the regular pay checks for all hourly and weekly paid employees in the Y-12 Plant, who were insured under the Company's Group Insurance Plan during 1958, beginning today, Wednesday, April 22, at their regular pay points and during regular pay check distribution hours. The checks for monthly paid employees will be available at the office of the Paymaster on the ground floor of the Y-12 Cafeteria beginning today.

Dividend checks will not be deposited in banks under the payroll check deposit program.

The dividend payment represents approximately 15.5 per cent of the amount of premiums paid for Group Insurance during 1958 by UCNC employees.

In addition to the dividend payment, UCNC employees at the Oak Ridge installations received during 1958 approximately \$1,800,000 as benefits under the provisions of the Group Insurance Plan.

Last year's dividends totaled \$329,000 and the additional benefits amounted to approximately \$1,400,000.

THIS BIG BROOM WILL SWEEP THE Y-12 PLANT AREA CLEAN this week as the annual Spring Clean-Up Week is observed. Fire, Safety and Security coordinators from Y-12 and Oak Ridge National Laboratory who are directing the drive with cooperation from the Y-12 Fire Department are shown above holding the massive broom symbolic of the project. From left are Y-12ers Fire Department Capt. W. R. McGill, Nelson Tibbatts, Maintenance Division; Corum Scott, Finance and Materials; Paul Trebilcox, Chemical Operations; W. E. Davis, Industrial Relations; R. P. Mann,

Shift Superintendents and Utilities; J. E. Hensley, Technical; John Perry, Development; and B. W. West, Mechanical Operations. Then come the ORNL coordinators continued along the line, John Lund, R. E. Feathers, D. E. Carpenter, Howard Hicks, Dan Ghormley, W. B. Pike, Jon Hamilton and W. O. Chandler. Fred Harmon, of the Y-12 Plant Engineering Division; and Jim Keeton, ORNL, were absent when picture was made. The objective of the Spring Clean-Up is to make Y-12 a safer place in which to work.

## NSA Group To Select 'Outstanding Member'

### Y-12er Is Nominated For Honor By Chapter

The Oak Ridge Chapter of the National Secretaries Association will select its "outstanding member of the year" at an open house meeting set for 8 o'clock tonight, Wednesday, April 22. The meeting will be in the Continental Room of the Oak Terrace. The date has been designated "Secretaries Day" by the NSA.

Geneva C. Carter, secretary to Jack M. Case, of the Y-12 Mechanical Operations Division, is one of two nominees for the "outstanding member" selection. The other is Erma S. Howe, Oak Ridge National Laboratory employee. The NSA membership nominated the two candidates and will vote on them, with the winner to be announced and crowned tonight.

The program also will include announcement of the winner of a \$200 secretarial scholarship to a high school pupil selected by the educational committee of the chapter. A fashion show also will be staged.

All secretaries in the Oak Ridge area, members and non-members of the NSA, have been invited and urged to attend the meeting tonight.

Get well wishes are extended to the following Y-12 employees who were patients last week in the Oak Ridge Hospital:

Jack Neal and E. J. Higdon, Sunflower Shop; A. D. Justice, Research Services; E. G. Blanton, Product Processing; R. H. Gillespie, Production Inspection; J. C. Kendricks, TW Shop; K. W. Mercner, R. H. Sharp and Lubrida T. Campbell, Janitors.

## ASME Groups Set Joint Meeting Thursday Night

The Oak Ridge and Knoxville groups of the East Tennessee Section, American Society of Mechanical Engineers, will hold a joint meeting tomorrow night, April 23, at the Alexander Hotel, Oak Ridge. Dinner will be served at 6:30 p.m. with the business meeting following at 7:30 p.m.

Guest speaker at the meeting will be E. L. Kennicott, vice president in charge of engineering, of Kennametal, Inc. He will speak on the use of hard carbides in wear and structural machine parts.

A particular invitation is extended to members of the American Society of Tool Engineers and to other persons interested in the machining and fabrication of metals.

On the highway  
**SLOW DOWN  
and LIVE!**

Whomsoever called that week end before last "Dogwood Winter" cast aspersions on every canine in the vicinity — as no respecting purps should be libeled by having such weather ascribed to them. It brings up the old gag of "I wouldn't put a night out on a dog like this."

All right, "Alvin, lay down that harmonica" and let's get out a healthy crop of corn for this edition—beginning with—

### SHIFT SUPERINTENDENTS AND UTILITIES

Relief Shift Superintendent **H. N. Benninghoff** is vacationing — Benny's sure to be found over around the Center Hill fishing grounds and probably some local spots.

**R. G. Hurst**, Utilities, also will be ambling and angling during his long break—still looking for his first strike of the season . . . **C. F. Meadows** is spending his long break visiting his mother in Williamsburg, Ky. . . **P. L. Beeler** is enjoying Florida sunshine while vacationing . . . Get well wishes are dispatched to **M. L. Lay**, in St. Mary's Hospital, Knoxville; and also to **R. W. Chrisman** and **C. K. Monday** . . . A mixture of Utilities and Steam Plant fellers composed of **L. M. Finchum**, **R. P. Mann** and "Scotty" **Elsbree** were in the party of anglers out last week end.

### MECHANICAL OPERATIONS

**Cliff Herrell**, General Machine Shop, is mighty proud of the musical ability of his wife, **Jessie**, who recently composed words and music for a religious song. It is entitled "My Lord and Savior" with arrangement and harmonizing by **T. O. Atkins** . . . More Shopping

Mrs. Herrell

news is that two newcomers were given the royal welcome treatment as of April 13—**Hugh Evans** and **John Sewell** . . . Vacationers this week include **Bill Witt** in Knoxville . . . **Bill Gillis** also is at home in the same city with some fishing planned . . . **B. M. Heidel** and **J. K. McGregor** got away without announcing plans . . . Next week **Marion Atkinson** is planning a vacation . . . So is **Greer Shaw** in Lenoir City . . . **Charlie Viar** will base fishing operations on Oak Ridge, as will **C. W. Williams** . . . **Russ Hopper** likewise is going to be off and it is five, three and even he will be out after the finny tribe—still dreaming of that giant catfish he caught several years ago . . . **Charlie McAmis** was off last week tying up his place in Knoxville a bit . . . Quite a few Shoppers are ailing, with get well wishes being sent to **Roy Griffith** in the University Hospital, Knoxville, to undergo surgery . . . **F. D. West**, **M. A. Parrish** and **J. L. Johnson** are recuperating from surgery . . . **H. C. Day** remains ill at his home in Knoxville and **A. E. Huskisson** probably will be out ill for about four more weeks . . . **G. F. Manning** also is on the sick list.

**E. J. Schmidt**, Production Control, is vacationing and hopes to get in some fishing . . . **D. D. Thomas** also is a vacationer and hopes (?) the pretty weather of last week continues as his wife has the spring cleaning jobs all laid out for him . . . Another vacationer is **B. A. Davis**, who is taking off to be with his wife who underwent surgery at Baptist Hospital, Knoxville—the department wishes her a speedy recovery . . . Get well wishes also are extended to **Sam Turner's** wife, injured in an automobile accident, and to **A. Neal**, on the sick list . . . Construction experts report **Bill Weaver**

has about completed the remodeling of his basement . . . Condolences are extended to the **W. Z. Trimble** family on the death of his sister . . . Also to **V. Henegar**, whose aunt died recently . . . The red rug of welcome was rolled out last week for **E. J. Walker**.

The TW Shop extends get well wishes to hospitalized **John C. Kendrick** . . . **Sylvester Holloway** is a vacationer.

### TECHNICAL

The Metallurgical Development Group of Development Operations congratulates **Jim Turley** and his wife on the birth of a son, **George Ross**, on April 6. The young feller weighed seven pounds, six ounces, and is the third boy for the Turleys . . . A speedy recovery is wished for the wife of **Sam Campbell**—she recently underwent surgery.

Production Analysis extends get well wishes to **Irene Jenkins** . . . **Deborah Hubbs** is welcomed back after a lengthy illness.

Sympathy is extended to **Lynn Hankins**, Laboratory Operations, whose father, **J. H. Fuson**, died April 14 at Dowlstown, Tenn.

**Bea Cameron**, SS Control, is in Europe attending various art shows.

### PLANT ENGINEERING

**David B. Allen**, Electrical Engineering, is the Proud Pop of the week in the department. Little **Nancy Carol Allen** arrived April 9, weighing seven pounds, 11½ ounces. The mother is **Mrs. Evelyn Allen**, formerly of Wage Standards. They have another little girl, **Gerry Lynn**, two years old.

**Fred Stout**, Contract Administration Engineering, and the missus finally have gotten around to announcing the name of their new seven-pound daughter—she's now **Karen Ann**.

Mechanical Engineering reports a couple of vacationers . . . **W. B. Mood** is loafing around the homestead in Knoxville but failed to say whether or not he will do any rodding and reeling . . . **B. L. Hammer** is the other ME who chose to do nothing but relax at home in the Atomic City—such is the life of Riley.

### MAINTENANCE

Mechanical Maintenance sends condolences to **G. E. Burris**, whose father-in-law died recently in St. Louis, Mo. . . Rapid recovery wishes are extended to **A. T. Goodwin**, who was injured in a fall while working at his home . . . Also to the wife of **A. P. Hooker**, in Vanderbilt Hospital, Nashville . . . Likewise to the wife of **J. M. Sinclair** . . . Others on the sick list are **J. H. McCulley**, **T. W. Noe**, **O. B. Ball**, **R. S. Manning**, **F. G. Leon**, **C. R. Webber**, **H. M. Jeffreys**, **N. B. Keplinger**, **T. L. Steverson**, **R. B. Miller**, **G. D. Smallwood** and **E. Bailey** . . . **C. C. Parson** and the Mrs. are spending a couple of weeks with their son in Miami . . . **D. R. Carter** has been on jury duty in Knoxville.

**F. M. Barnes**, Research Services, is spending his vacation at Ft. Benning, Ga., where he is participating in the Third Army rifle matches . . . Get well wishes are sent to the wife of **Paul Schultz**.

Electrical Maintenance again sends get well wishes to **Rae Chapman**, departmental reporter, who is still recuperating at home from an operation—**Wanda Valentine** again is pinch-hitting as the Colyum's agent . . . Ooops! Some vacationers were missed in the last edition, so back at work full of vim, vigor and vitality are the following folks, whose destinations couldn't be determined before departure—**H. V. Craft**, **R. C. Wade**, **J. W. Scarborough**, **W. H. Jones** and **G. D. Treece** . . . More sick folks to whom rapid recovery wishes are sent—**L. R. Fisher**, **R.**

Continued on Page 4

**LIFE MASTERS AT BRIDGE** are the real cream of the crop of the many devotees of the game. Shown above are six of the seven life masters in Oak Ridge with four of them being Union Carbide Nuclear Company employees and one a wife of a UCNC man. From left are Dr. J. R. Alexander, an Oak Ridge optometrist; Mrs. Jane Wood, housewife and wife of an Oak Ridge Gaseous Diffusion Plant employee; John R. Moore, AEC director of contracts division; Robert C. Olson, superintendent of the Y-12 Technical Division; Everett F. Gambill, Y-12 statistician in Production Inspection; and Eugene Roy, ORGDP maintenance engineer. The seventh member of the select group, Irving Spiewak, is an Oak Ridge National Laboratory employee in the Y-12 Plant Area. He was ill and absent when picture was made.

## Two Y-12 Bridge Life Masters To Compete In Atomic City Tournament April 24, 25, 26

Approximately 300 duplicate bridge experts from all over the Southeast and possibly other points in the country, will compete in the 10th Annual Atomic City Bridge Tournament set for this week end, April 24, 25 and 26. The tournament will be waged in the Paragon Ballroom and the event will be marked by participation by seven life masters in bridge from Oak Ridge, four of them being Union Carbide Nuclear Company employees and one of them a wife of a UCNC employee.

**Seven Masters In Oak Ridge**  
Among the seven life masters in Oak Ridge—and there are only 30 in the entire state of Tennessee—are two Y-12ers. They are **R. C. Olson**, superintendent of the Technical Division; and **E. F. Gambill**, of the Production Inspection Department. The other masters in Oak Ridge are **Mrs. Jane Wood**, wife of **Parkhurst B. Wood**, Oak Ridge Gaseous Diffusion Plant; **Eugene Roy**, ORGDP maintenance engineer; **John R. Moore**, Atomic Energy Commission; **Irving Spiewak**, Oak Ridge National Laboratory employee in the Y-12 Plant Area; and **Rr. J. R. Alexander**, Oak Ridge optometrist.

**Olson** has been in Oak Ridge since 1945 and his home town is Capron, Ill. He won his life masters honor in 1956. His wife, **Mary**, also is a fine duplicate bridge player. **Gambill** is originally from Mountain Grove, Mo., and has been in Oak Ridge since 1954. He became a life master in 1958. Both **Olson** and **Gambill** are active in Y-12 bowling and golf circles. **Spiewak** said "Promising"

**Spiewak** has been in Oak Ridge since 1949 and a life master since 1954. He comes from New York City. After playing with him in a local bridge tournament in 1953, **Charles Goren**, a noted authority on bridge, was quoted as saying **Spiewak** was one of the most promising young players in the nation. The only feminine member of the life masters group, **Mrs. Wood**, has teamed with her husband in winning several tournaments. She is the newest life master, attaining the rank in 1958. She teaches bridge classes in Oak Ridge and Knoxville. **Dr. Alexander** won his life masters rating in 1955 at the national championship tournament in Chicago. **Moore** reached the ranking in 1954, as did **Roy**.

The certificate was issued by ICS on March 25.

## Y-12 Man Is Awarded Certificate By ICS

### K. E. Lewis Completes Course In Welding Wor

Another Y-12er has won honors in the educational field through benefits given through the Union Carbide Nuclear Company Educational Assistance Program. He is **Kenneth E. Lewis**, of the Mechanical Inspection Department, who has earned a certificate of course completion from the International Correspondence School under the Company program.

K. E. Lewis

**Lewis'** certificate states that he has "studied and satisfactorily completed the subject of Welding Engineering Technology, Division One."

In winning his certificate **Lewis** studied mathematics, geometrical drawing, elements of algebra, gas welding of cast iron and alloy steels, gas welding of carbon steels, gas welding equipment, gas cutting, gas welding of pipe, gas welding of non-ferrous metals and overlaying, gas welding examples, metallurgy of iron, steel and non-ferrous metals, logarithms, elementary chemistry, metallography, resistance welding, practical geometry and trigonometry, arc welding equipment, practical electricity, arc welding of alloy steels and iron, arc welding of low carbon steels, arc welding of non-ferrous metals and overlaying, elements of projection drawing, inert gas shielded arc welding, inspection and testing of welds.

The certificate was issued by ICS on March 25.

### SPECIAL LUNCHES OFFER TWO POPULAR DISHES

Two of the most popular dishes on the menus of the Y-12 Cafeteria will be served on the 60-cent Special Lunches to be served tomorrow, Thursday, April 23, and next Tuesday, April 28. For tomorrow the main dish will be chef's holiday and on next Tuesday scoopburger on toasted bun will be offered. Each Special Lunch will include one vegetable, choice of salad or dessert and rolls and butter.

## Seminar Will Hear Talk By Duke University Man

The physics seminar of the Oak Ridge National Laboratory will hear **H. W. Newson**, of Duke University, on Friday afternoon of this week, April 24. The meeting will be at 3:15 o'clock in the auditorium of Bldg. 4500, ORNL. The discussion subject will be "Neutron Resonance Spacings." Y-12ers interested in the subject are invited to attend the seminar session.

6-4539

**Y-12 HAS SOME PRETTY** girl bowlers—and they are top-ranked keglers, too. At top are Shirley Brown, left, and Nell McGinnis, who won first place in both scratch and handicap scoring in the recent Y-12 Plant Tournament, with scores of 899 and 1103. Miss McGinnis also is the Y-12 women's all-events champion, scoring 1318 for the plant title. The bottom picture is of J. C. Bryan and Miss McGinnis, first place scratch winners in mixed doubles with 998. The champions are shown with their handsome tournament trophies.

## Softballers See Fine 1959 Season

### Eight Teams Reported Ready For Tight Race

Prospects are bright for a fine season of softball in the Y-12 Plant League this year with eight well-balanced teams pronounced ready to get underway when "play ball" is called on Monday night, May 4. The squads have been working out at Pinewood Park, which will be the scene of loop activities this season, and managers are issuing statements of confidence that their outfits will stage a close race from start to finish.

### Play Three Times Weekly

The league schedule will be drawn this week and distributed to managers. Games will be played on Monday, Tuesday and Thursday nights at Pinewood Park, which has been renovated for the season.

The season will be divided into two halves. If different teams are on top for the two periods of play, a playoff series for the loop championship will be staged after the regular season is completed.

Back in competition again this season are the Reactors, the Y-12 champions of last season; and the Whiz Kids, All-Carbide tournament titlists. Both Harvey Law, Reactor manager last year; and J. D. Collins, Whiz Kid pilot; will be back at their old posts. The other teams and their managers reported ready to go on May 4 are the Sportsmen, Herb Oliver; Generals, M. L. Crawford; Atoms, D. W. Daws; Rebels, E. M. Miller; Slowpokes, Harley Orange; and a team not yet named to be managed by T. A. Pica.

### Reactors 1958 Plant Champs

The Reactors won the Y-12 Plant crown by whipping the Whiz Kids in a playoff game by the score of 6 to 5. Then in the All-Carbide, with super-slinger Ernie Collins eligible for mound service, the Whiz Kids took the title game by 2 to 0 in a fine exhibition. In the tournament Collins pitched four games, one a no-hitter, faced 84 batters, whiffed 76 and allowed only five hits in the entire competition. According to loop rules, Ernie Collins is not eligible to pitch in the league but may play elsewhere on the team.

## Daffodils Boost Lead In C Loop

The Daffodils dusted off the Sunflowers for three points in C League alley activities April 13 to increase their lead in the loop. Murderer's Row knocked off the Knot Heads by the same score to gain a tie for second place with the Chillers, which were thumped by the T Squares. Two whitewash wins were posted during the session with B Shift blanking the Alley Cats and the Dry Hides downing the Wacos. The Engineers galloped over the Goof Balls by three.

Harold Zang, Engineers, burned up the alleys with a 638 scratch and 680 handicap series. Bob Jago, T Squares, had the top game scores of 244 and 280. In team scoring Murderer's Row took most honors as they continued to march upward in the league standings by posting a 921 scratch game, 2600 scratch and 2965 handicap series. The T Squares' 1075 handicap game was tops of the night.

### League standing follows:

Team	W	L
Daffodils	28	8
Chillers	25	11
Murderer's Row	25	11
B Shift	23	13
Engineers	22	14
Sunflowers	21	15
Wacos	16	20
Goof Balls	14	22
Dry Hides	14	22
T Squares	12	24
Alley Cats	9	27
Knot Heads	7	29

Folks make monkeys out of themselves by carrying tales.

**A FATHER AND SON** team did right well by themselves in the C Shift fishing rodeo on Watts Bar Lake recently. L. E. Brown, Sr., Electrical Maintenance, and his son, L. E. Brown, Jr., are proudly displaying two nice bass and a big crappie.

## Scrappers Nose Clippers For Title In Mixed League

In a stirring rolloff for the championship of the Mixed League of Y-12 men and women bowlers last week, the Scrappers, second half of the season titlists, nosed out the Clippers by 1794 to 1790 scratch and 2211 to 2186 handicap. The Clippers won the first half of the season crown.

The hard-fought championship bout closed the most successful season ever enjoyed by the popular circuit. The loop finished with the same eight teams that started and competition and sportsmanship throughout the season was on the highest level.

Herb Oliver and Nancy Garrison paced the Scrappers to their triumph. Oliver took all scoring honors for the men bowlers with a 195 scratch and 217 handicap game, 539 scratch and 605 handicap series. His feminine teammate posted a 168 scratch game, boosted to 217 with handicap and had a 595 handicap series. Nell McGinnis, of the Clippers, came through with the top distaf scratch series of 489.

## Marksmen Cop Title In Pistol League

Although losing their last match of the season on April 9, the Marksmen team won the Y-12 Pistol League championship in a close race. The Masters topped the champions in both scratch and handicap scores, 253 to 251 and 286.958 to 285.026. The Sharpshooters took a forfeit win from the Experts and tallied 497 scratch 578.659 handicap in firing for record.

Paul Williams was high gun in both scratch and handicap with marks of 267 and 289.915. Dave Alford was second scratch with 253 and T. J. Bush third at 251. In handicap K. E. Smith was second with 288.744.

Bush has been elected team captain for the summer season and will be assisted by Alford and Smith.

### Final league standing follows:

Team	W	L
Marksmen	31	11
Sharpshooters	28	14
Masters	19	23
Experts	0	36

## Overnight Camping Now Is Permitted

Overnight camping now is permitted on the Central Peninsula Wildlife Management Area in the Forks of the River section at one designated area. The site is near the checking station and is known as the parking lot area. Permits for overnight camping may be obtained from Harold Armstrong, the area manager.

## Throngs Of Y-12 Golfers To Play In First Tournament On Saturday

### Initial Foursome To Start At 6 P.M. At Ridge Course; Winners To Get Prizes Of Golf Balls

Y-12 pasture pool participants—throngs of 'em—will be swarming over the Oak Ridge Golf and Country Club course in the first Y-12 Golf Tournament of the season on Saturday morning of this week, April 25. As of last Friday afternoon, deadline for entering the tournament, there were 30 four-somes totaling 120 golfers enrolled in the event.

The entries began pouring into the Recreation Department right on the dot of 8 a.m. Tuesday, April 14, when the books were opened.

The first foursome will tee off at 6 a.m. and every seven minutes thereafter other groups of four will begin the 18-hole trek around the course. Every group is urged to be on hand and ready to start at least 10 minutes before the scheduled tee-off time. Any foursome not ready to start on schedule will be moved to the bottom of the entry list.

The competition will be in medal play with both scratch and handicap scores to be rated. Handicaps will be given out at tee-off time on the morning of the tournament. For Y-12 golfers playing last summer, their handicaps for that season will be used. Newcomers to plant golf play will play from scratch, with future handicaps being based on scores in this tournament.

The contestants will be divided into four divisions, based on handicap, with one-fourth of the number of players entered placed in each division.

Awards of golf balls will be given the first four places in scratch and handicap scoring in each division and also for the most number of pars and second most pars for the 18 holes.

The green fee for non-members of the club will be \$3 per player.

## RECORD FISH CAUGHT IN TENNESSEE WATERS

Tennessee rapidly is becoming one of the leading states for fresh water fishing, says the State Fish and Game Commission. For instance, the world's record smallmouth bass was taken from Dale Hollow Lake, weighing 11 pounds, 15 ounces. From the fast tailwaters of Dale Hollow Dam the biggest brown trout caught in North America was taken, tipping the scales at 26 pounds, two ounces. Then another United States record is believed to have been set when a walleye pike weighing 21 pounds, four ounces, was caught in Center Hill Lake.

**L'I' FELLER—BIG FISH** is a good title for this snapshot of young Olen Hutchison, son of O. C. Hutchison, of the Y-12 Alloy Shop, proudly displaying an eight-pound striped sea bass caught recently off Melbourne, Fla., while the family was vacationing.

## Tigers Unravel Rippers To Leave Cellar In Classic

After spending practically all the season on the bottom of the standings in the Classic League, the Tigers finally had their night to roar last Thursday at the Ark Lanes when they thoroughly unraveled the strong Rippers for three points. The victory lifted the striped felines out of the cellar in favor of the Cubs, which were downed by the All Stars by the same score. The Bumpers saw their loop lead diminish to one slim point when they could grab but three from the Wolves while the Markers, a new team to the circuit this season, walloped the Screwballs for four, the only whitewash victory of the night.

In other matches, all decided by three points it was the Rebels over the Swingsters, Smelters over the Sportsmen, Has Beens over the Wasps and Playboys over the Eight Balls.

The veteran Roy Roberts, of the but not a, Has Been, swept all individual scoring honors with a 253 scratch and 261 handicap game, a sizzling 666 scratch series, boosted to 690 with handicap. The Rebels wrapped up all team scoring highs with 953, 1061, 2599 and 2923 across the board.

### League standing follows:

Team	W	L
Bumpers	37	15
Markers	36	16
Rebels	34	18
Sportsmen	31	21
Swingsters	30	22
Smelters	28	24
Rippers	27	25
Wasps	27	25
Eight Balls	27	25
Screwballs	27	25
Has Beens	24 1/2	27 1/2
All Stars	23	29
Playboys	18	34
Wolves	17	35
Tigers	16 1/2	35 1/2
Cubs	15	37

## Bush League Race Still Sizzling

The Beavers, Ball O' Fire and Nine Pins continued their neck and neck race in the Bush League of Y-12 bowlers April 30, each team winning three points. Victims were the Alley Choppers, Bees and SNPFT. The Inspectors dealt out a similar defeat to Bldg. 9212 and the Hi Balls and Lucky Five broke even at two points each.

Some good scoring marked the alley activities of the loop. George Cantrell, Balls O'Fire, had a fine 609 scratch and 669 handicap series after a 275 handicap game. The top scratch game was 256 posted by the Bees' Brown. In team scoring the Balls O'Fire rolled an 892 scratch and 1059 handicap game, the Bees buzzed out with a 2415 scratch series and the Inspectors a 2914 handicap series.

### League standing follows:

Team	W	L
Beavers	43	25
Balls O' Fire	42	26
Nine Pins	40	28
Bldg. 9212	36	32
Alley Choppers	33	35
SNPFT	32	36
Bees	30	38
Hi Balls	28 1/2	39 1/2
Inspectors	28	40
Lucky Five	27 1/2	40 1/2

## Thomas-Hamill Win In Harriman Golf

The Harriman Golf League for Union Carbide Nuclear Company players in all Company facilities in Oak Ridge, swung into action early this month and in the first week of the season, ending April 12, only one team had a perfect mark. That was the Hobey Thomas-Bill Hamill combine, which beat Ray Walker-Bill Hoppe for four points. In other matches Bruce Isham-Ed Henck took three and one-half points from George Warlick-Ted Willmarth, Ed Ellis-Jim Anglin won by the same score from Ken Bowers-Bob Brown and Dave Cuneo-Warren Grimes won by three points from Bob Tilley-John Evans.

The Y-12 golfers in the league are Hamill, Henck, Ellis, Tilley, Bowers, Brown, Hoppe and Willmarth. From Oak Ridge National Laboratory are Thomas, a former Y-12er; Isham, Anglin, Cuneo, Grimes, Walker and Warlick. Evans is with the Oak Ridge Gaseous Diffusion Plant.

### League standing follows:

Team	W	L
Thomas-Hamill	4	0
Isham-Henck	3 1/2	1/2
Ellis-Anglin	3 1/2	1/2
Cuneo-Grimes	3	1
Tilley-Evans	1	3
Bowers-Brown	1/2	3 1/2
Warlick-Willmarth	1/2	3 1/2
Walker-Hoppe	0	4

## Fish Uncooperative For A Shifters

Everything—even the weather—cooperated to help the A Shift fishing rodeo be a success on Wednesday, April 15, except the fish. A total of 72 Y-12 anglers on a A Shift participated in the rodeo on Norris Lake, based at Pellissippi Point. However, the catch of fish was disappointing.

## Y-12er's Daughter Is Valedictorian At Oakdale H.S.

Miss Sue Angel

Another attractive daughter of a Y-12er has won scholastic honors at her high school. She is Miss Sue Angel, whose father is Roscoe Angel, of the Property Department.

Miss Angel will graduate from Oakdale High School in commencement exercises set for 7 o'clock Friday night, May 1. She is valedictorian of the senior class at Oakdale, having a four-year scholastic average of 96.6 per cent. She also is vice president of the senior class, member of the National Beta Club, Journalism Club and the "O" Club at Oakdale High School.

She played basketball on the school team for four years and has been captain of the team, earning two all-conference awards. Miss Angel also has taken part in field and literary meets.

## Y-12ers With 15, 10 Years Company Service

Congratulations to the Y-12 employees listed below who will complete 15 years of Company Service within the next few days. No Y-12 employee will observe his 10th employment anniversary during the next week.

### 15 YEARS

- Francis S. McGuiness, Special Projects, April 22.
- Roscoe O. Ward, Electrical Maintenance, April 23.
- Harry F. West, Product Processing, April 24.
- Carl W. Evans, Stores, April 27.

### AGE NO HANDICAP

A recent analysis of achievements of 400 noted men throughout history is encouraging to those who think they are growing old. The study revealed that more than one-third achieved their greatest accomplishments after they passed the age of 60. A surprising 23 per cent scored their greatest success in life after the age of 70.

## Y-12er Earl Panter Wins On TV Contest

Continued from Page 1

Corvette bicycle, a beautiful Schraparelli-designed dyed black African Persian lamb jacket, a Clinton outboard motor, a Westinghouse automatic washer and dryer set of two pieces and a shopsmith home workshop.

Panter's family consists of his wife, Gertrude, and six children. The youngsters are Doris, 18, a senior at Oak Ridge High School; Leland, 16, also an ORHS pupil; Ronnie, 13; Brenda, 12; Michael, 9; and Claudia two and one-half years old.

### Family Divides Articles

Since that Persian lamb jacket arrived, Doris has been the envy of her school mates when she wore the garment to school. She and her mother divide time in wearing the wrist watch. As of last week the washer-dryer set had not been connected because of lack of room. All the youngsters plan to use the typewriter in preparing their school work. The "men" of the family are going to enjoy using the outboard motor—although they have not yet acquired a boat. Mike is the proud operator of the bicycle, which had all kinds of fancy gadgets, including a gear shift, electric lights and horn. The shopsmith workshop had not been received by Panter last week.

Panter tied with 24 other contestants in his estimate of the cost of eight articles offered on the "showcase" program. He then wrote a slogan for the product advertised by the sponsor.

The winner of the contest received, in addition to the articles received by the Y-12er, a station wagon.

### Winning Runs In Family

"That, I sure could have used with my family," Panter grinned. Winning on "The Price Is Right" home contest seems to run in the Panter family. The Y-12er's brother, Thomas E. Panter, of McCaysville, Ga., last year also was a winner. Then his mother, who lives at Copper Hill, Tenn., also was a 1958 winner in one of the contests.

## Friday Deadline To Apply For Educational Assistance

Friday of this week, April 24, is the deadline for Y-12ers to file applications for benefits under the Union Carbide Nuclear Company Educational Assistance Program for Spring Quarter classes at the University of Tennessee Evening and Graduate school classes or the Oak Ridge Adult Education Program. Complete information on the UCNC Educational Assistance Program benefits and available classes may be obtained from Ralph Pearson, Room 273, Bldg. 9704-2, plant phone 7100.

### CHEMICALS IMPROVE FIBRES

Nearly 600 different chemicals are available for improving natural and synthetic fibres, according to a 20th Century Fund report. Fibres thus are made resistant to water, fire and shrinkage, says a 20th Century Fund report.

Continued from Page 2  
E. Stephens and J. E. Cartledge. . . . Back to present vacationers . . . Keith Martin, Instrument Shop foreman, probably is doing some fishing for crappie on Little River (which conveniently flows right in front of his Louisville, Tenn., home) . . . H. E. Argo and family are visiting in East Tennessee . . . J. R. Pitts and the missus are venturing up to Washington, D.C., to see their new granddaughter . . . Whereabouts unknown are those of T. W. Baker and M. W. Jones. . . . The crimson carpet of welcome was rolled out last week to a new foreman, F. E. Williams, recently transferred from Process Maintenance.

### INDUSTRIAL RELATIONS

Wage Standards and Insurance Departments send get well wishes to the sister of Lib Kilby — Mrs. Sue Van Dusen, formerly of the Y-12 Medical Department, who underwent surgery last week at Baptist Hospital, Knoxville.

Tom "Parson" Burkett, Employment, engaged in a battle with the miseries one day last week—and won, he was back Thursday.

The Boys in Blue and Gray of the Fire and Guard Department welcome Guard L. R. Stansberry, who is back after being off sick for some time . . . Guard P. C. Goins also is welcomed back after a long spell in the Oak Ridge Hospital . . . Sympathy is sent to Guard G. A. Atchley, whose grandmother died last week . . . Get well wishes are extended Guard G. E. Gilreath up there in Oneida Hospital . . . Guard D. H. Patterson and his wife, Wynetta, who works in the Cafeteria, took a long trip during his long break—they first visited their daughter in Joliet, Ill., then to Chicago and to St. Louis, Mo., to visit their two sons—that's a lot of mileage . . . Capt. D. C. Shults and his wife, Lucia, of Receiving, are vacationing this week in Easley, S. C., visiting her mother, Mrs. H. M. Phillips . . . Firemen E. J. Kendrick and T. E. Ford are vacationing this week — planning to do some fishing together as they were seen in a huddle with Cap'n Emmett "Catfish" Moore, the department's prime disciple of Isaac Walton.

### FINANCE AND MATERIALS

Reproduction welcomes newcomer Clyde Clower, transferred from the Oak Ridge Gaseous Diffusion Plant . . . Pearl Lindsay is on a fishing vacation this week.

Martha Arp, Materials, spent her vacation doing her spring housecleaning . . . Charlie Harris is vacationing in Charlotte, N. C.

Martha Parks, Plant Records, didn't report her vacation plans before departing last week.

Sgt. Cleon Hartman, son of Orel Hartman, Mail Room, and Mrs. Hartman, will be flying home from Ulm, Germany May 1. He will have completed his two years of military service with the U. S. Army . . . H. S. Cook is vacationing at his home in Marlow.

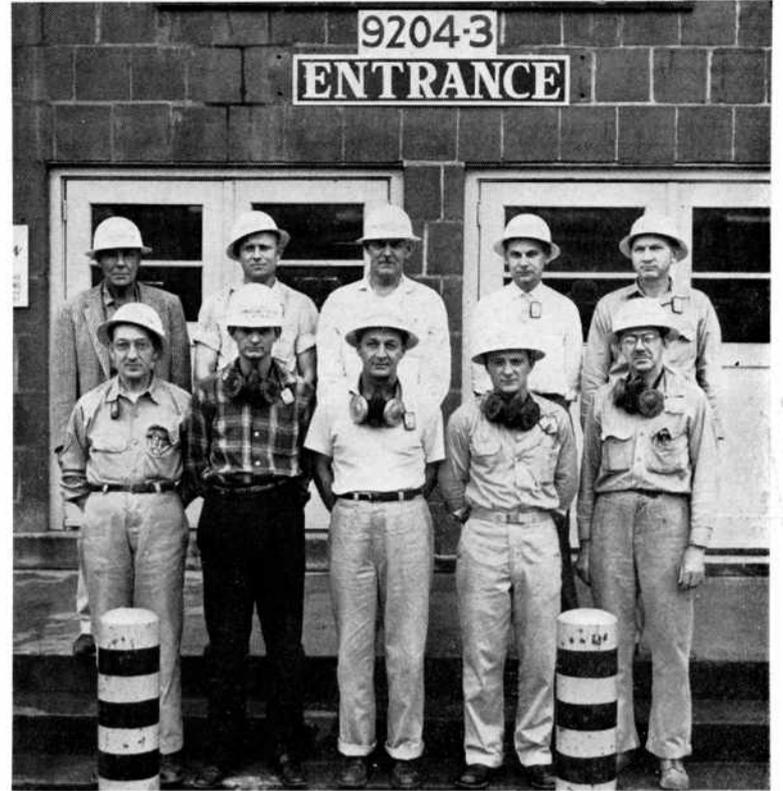

Beverly Domer, Property, wasn't a too happy gal last week—her husband, Ronald, left last Friday for duty with the Air Force at Lackland Air Force Base in Texas . . . J. D. Housley week-ended in Harlan, Ky.

Roy Hale, Timekeeping, is vacationing for three weeks to visit his mother . . . T. A. Williams went over to Boone, N. C.

Bonnie Reesor, Travel and Cashier Office, and family got in some Arkansas travelin' last week.

Wayne Silvers, Engineering Records, is going to do some real cruising down some river in his new houseboat soon—he worked on it during his vacation.

The president of the "Thank Goodness For Fridays League" now will conclude this episode and set forth for Knoxburg for to do business with engravers and print-

READY FOR ACTION is this Local Emergency Squad in Bldg. 9204-3. Standing, from left, are Local Emergency Squad Director Harvey Keese, E. R. Wells, J. G. Harris, F. N. Case and A. Cardwell, Jr. In front are C. A. Gault, L. A. Massengill, V. J. Meece, J. T. Barker and E. K. DeLong. Absent when picture was made were H. W. Ditchen and C. D. Shelton.

## Spring Clean-Up Goal To Make Y-12 Safer

Continued from Page 1

courses in how to turn in fire alarms by the fire alarm system or by telephone. Proper use of fire fighting equipment also has been stressed.

### Coordinators Listed

The coordinators who have put forth much effort during the past several weeks in efforts to make the clean-up drive a complete success are:

Maintenance Division, Nelson Tibbatts; Finance and Materials, Corum Scott; Chemical Operations, Paul Trebilcox; Plant Engineering, Fred Harmon; Industrial Relations, W. E. Davis; Shift Superintendent, R. P. Mann; Technical, John Perry; Development, John Perry; and Mechanical Operations, B. W. West. The ORNL coordinators are John Lund, R. E. Feathers, D. E. Carpenter, Howard Hicks, Dan Ghormly, Jim Keeton, W. B. Pike, John Hamilton and W. O. Chandler.

## Rides Wanted, Offered

Want to join car pool from vicinity 421 East Drive, Oak Ridge, to East Portal, straight day. Violet Sanford, plant phone 7-8226, home phone Oak Ridge 5-3778.

Want to join car pool from vicinity 446 East Drive, Oak Ridge, to Biology Portal, straight day. Edena Thirloway, plant phone 7-8224, home phone Oak Ridge 5-3100.

Want to join car pool from 226 East Drive, Oak Ridge, to North Portal, straight day. T. A. Hart, plant phone 7919, home phone Oak Ridge 5-4061 after 5 p.m.

Riders or car pool members wanted from Pleasant Ridge Park or Cumberland Estates, Knox County, to West Portal, H Shift. E. Nickle, home phone 7-8622, home phone Knoxville 3-4309.

Ride wanted from East Magnolia Ave., Knoxville, to Central Portal, straight day. W. T. Browney, plant phone 7777.

Ride wanted from Cherokee Hills, Kingston, to West Portal, E Shift. W. M. Turner, plant phone 7-8513, home phone Kingston FR 6-5112.

ers to finish up another edition. S'long until next week.

## Several Y-12ers Cast In Playhouse 'Inherit The Wind'

When the Oak Ridge Community Playhouse presents "Inherit The Wind" during the next two week ends, several Y-12ers will have featured roles. The play, by Jerome Lawrence and Robert E. Lee, is based on the "Scopes Monkey Trial" in Dayton, Tenn., back in 1925.

"Inherit The Wind" will be presented at the Playhouse Theater on Jackson Square on Friday and Saturday of this week, April 24 and 25; and Thursday, Friday and Saturday of next week, April 30, May 1 and 2. Curtain time will be 8:20 p.m. The play was presented in New York with Paul Muni as the star.

Earnest Earley, of Electrical Engineering, who played the role of Caesar in "Julius Caesar" several weeks ago, has been cast as the fundamentalist preacher, the Rev. Jeremiah Brown, in "Inherit The Wind." Jesse J. Guinn, Labor Relations, will take the part of Dunlap. Lew Skell, Alloy Division, will play Elijah. Michael Getsi, Jr., whose father is in Electrical Maintenance, will be seen as Timmy.

## AWS And UT To Present Educational Meeting

An educational meeting sponsored by the Southeast Tennessee Section of the American Welding Society and the department of mechanical engineering of the University of Tennessee has been set for next Tuesday night, April 28. The session will be held at Perkins Hall at UT in Knoxville, beginning at 7:30 o'clock.

W. E. McKenzie, chief engineer of the Engineering Research and Evaluation Division of the U.S. Naval Gun Factory, will be guest speaker. His subject will be "Welding Symbols and Joint Design." He is a native of Ohio, but was raised in Chattanooga and is a University of Tennessee graduate.

### POPULATION DENSITY VARIES

The average population density varies from less than five persons per square mile in Canada, Australia and other colonial areas to 500 or more in the United Kingdom, The Netherlands, Belgium and Germany, says a 20th Century Fund report.
